Valençay (35% gamay, 35% côt, 30% pinot noir), Sophie Siadou, 2018, Loire Valley	11.00*	13.00	6.75
<p>-this wine is created by the kick-arse négociant, Mary Taylor. Why is she kick-arse? Because, on Tuesday, January 7th, 2020, she spoke before the U.S. Trade committee on potential tariffs (subsequently realized...and then recently removed) on all wines from the E.U. and reminded them what it is to be a business owner in these United States of America...it ain't easy, of course, but one shouldn't be penalized by one's own country for no damn good reason, especially when the tariffs are being levied in the first place due to subsidies in the airline industry. It was a big WTF moment and Mary stood tall. We love you, Mary!</p>
